

Sarah Lawson

Frontend Developer (TypeScript / Angular)

sarah.applicant@example.com | 0801 000 0003 | linkedin.com/in/sarah-lawson | github.com/sarah-lawson

SUMMARY

Early-career frontend developer with 2 years building data-heavy Angular applications backed by MySQL. Strong on TypeScript fundamentals and comfortable picking up new codebases quickly.

SKILLS

TypeScript, Angular, RxJS, MySQL, SCSS, REST APIs, Git, Jasmine/Karma

EXPERIENCE

Frontend Developer — GreenPath Analytics, Port Harcourt

2023 — Present

- Built and maintained reporting dashboards in Angular against a MySQL-backed API.
- Introduced reusable form validation patterns, reducing duplicate code across 4 modules.

Frontend Intern — GreenPath Analytics

2022 — 2023

- Fixed cross-browser layout bugs and improved accessibility on key customer-facing pages.

EDUCATION

B.Sc. Information Technology — University of Port Harcourt

2019 — 2023
